Colored Strawberry Festival. The colored folks gave a strawberry and ice cream festival last night in the third story over Williams & Zimmermann's hall, which was largely attended, and seemed to be quite successful. It was given for the benefit of the Baptist paper, of which Rev. J. M. Armstrong is publisher.

The Sun Picture Entertainment. Mr. George R. Tremaine gave the second of a series of brilliant illuminated pictures of a tour from New York to Jerusalem at the opera house last night, to a fair house, all of whom were highly entertained. The representations last night comprised that part of the tour from London to Paris. The pictures are produced with powerful and wonderfully life-like effect, and, accompanied by the instructive lectures and explanations by Mr. Tremaine, it forms an exhibition which is highly entertaining and doubly worth the admission charged.

To-night the audience will be taken from Paris to Rome, and some grand and brilliant illustrations will be introduced. It is hoped Mr. Tremaine will have a large house, for the exhibition is truly a worthy and attractive one.

Progress of the Temperance Movement.

At the session of the East Tennessee Sunday school convention, which closed yesterday at London, resolutions were offered and unanimously passed advocating prohibitory laws, or if that is impossible, local option laws. The resolutions advise all christian people to exert their influence in this direction, and call upon the people of the state to support at the ballot box such men for the legislature as are known to be advocates of these measures. The resolutions also recommend the procuring of petitions in aid of temperance enactments by our legislature. The feeling of the convention on this subject was very positive, unanimous and enthusiastic. Characteristic speeches were made on the subject by Rev. F. E. Sturges, Rev. C. B. Sparrow, Rev. G. C. Rankin and Rev. Isaac Emory; also by Messrs. Rayl, Washburn, Atwell, Angel and Richards, of Knoxville.

Internal Revenue Matters. Deputy collector D. S. Bowers returned yesterday from an extensive tour of the counties of Grainger, Union, Campbell, Scott and Knox, looking after the interests of the U. S. internal revenue service. He was accompanied by deputy collector W. W. Freshour, who has been with him for two or three weeks. Mr. Bowers informs us that matters are much improved in regard to violations of the revenue laws in these counties, and they seldom encountered any illicit distilling or any show of resistance.

They captured a still in operation in Grainger county, on the 5th inst., and on Thursday, coming through Campbell county, they pulled a still and apparatus out of a beautiful cave, which they ran upon. No owner or worker was found anywhere about.

The CHRONICLE has been furnished with a programme of the closing exercises of Mosheim Institute, a worthy institution of learning, situated at Mosheim, Greene county, under the principalship of Rev. J. C. Barb, A. M. The closing exercises occur Friday, 21st inst., commencing at 10 o'clock a. m. Besides orations, essays and declamations, by the young ladies and gentlemen, the degrees will be conferred by Mr. W. T. Guthrie. The literary address will be delivered by Hon. R. R. Butler, and the alumni address by Dr. R. C. Smith.

Close of the Baptist Festival. The strawberry festival given by the ladies of the First Baptist church, was repeated and brought to a close last night, after two nights of great success. Last night the attendance was much larger, the tables were liberally patronized, and the enjoyment of all in attendance was complete. The proceeds could not be definitely ascertained, but it is thought the amount will approximate \$150, for the two evenings, and lunch yesterday. This is a very well done indeed, and the ladies and gentlemen in charge deserve much credit.

A Roane County Academy. The charter of the Post Oak Springs Academy, of Kingston, Roane county, was registered by the secretary of state at Nashville Tuesday. The incorporators are S. A. Owen, J. H. Deason, David M. Billingsby, F. B. Smith, Richard Rector and R. M. Kimbrough.

S. T. Williams, a prominent druggist of Salisbury, Md., wrote, January 25, 1878: "Send me one dozen Tuli's Pills, and if they prove what you claim for them I will order more." February 19, he wrote: "Send me two dozen more of Dr. Tuli's Liver Pills by return mail. They are doing wonders here."

The Y. M. C. A. Concert. A tolerably good audience was assembled at the chapel of the Second Presbyterian church, last night, but not so large as it should have been, considering the attractive programme announced in the morning CHRONICLE. The performers all did so well that it would be difficult to make any discriminations of praise between them. The solos by Mrs. Barton, as usual, were most excellently rendered, the audience not being satisfied with a single performance. Messrs. Will. Baxter and David Fleming were also recalled. The duet by Misses Jessie Rayl and Blanch Swan was especially commendable, as were also the piano solo by Messrs. C. J. Boyd and solo by Mrs. Sturges.

An interesting feature of the entertainment was the "Varieties," by Dr. Simmons. The doctor is an orchestra by himself, a minstrel troupe and a brass band combined. He plays half a dozen instruments at the same time.

Additional excellence was given the entertainment by the exquisitely toned pianos kindly loaned the association by Marshall & Co.

The admission fee was a book or picture, and quite a stock of both were obtained as the result of the enterprise.

Gaines Harrill's New Sprinkler. Gaines Harrill has a new sprinkler on Gay street. It is an improvement on the old barrels. He has also put a sprinkler on Market Square for this season, which has long been needed.

A Benefactress. Just open the door for her, and Mrs. Winslow will prove the American Florence Nightingale of the Nursery. Of this we are so sure, that we will teach our "sons" to say "A blessing on Mrs. Winslow" for helping her to survive and escape the griping, colic and teething stage. Mrs. WINSLOW'S SOOTHING SYRUP relieves the child from pain, and cures dysentery and diarrhea. It softens the gums, reduces inflammation, cures wind colic, and carries the infant safely through the teething period. It performs precisely what it professes to perform, every part of it—nothing less. We have never seen Mrs. Winslow—know her only through the reports of her "sons," who say "Sympathy for Children Teething." If we had the power, we would make her, as she is, a physical savior to the infant race. Sold by all druggists. 25 cents a bottle.
